

## #RecorderOnTheRoad

Montgomery County Recorder of Deeds Jeanne Sorg took her mobile Veterans' Identification Program on the road to Chestnut Knoll at Home Services in Gilbertsville on December 20. DD214s were recorded for veterans, each of whom received an identification card entitling them to discounts from participating merchants across Montgomery County. "This was our last mobile event of 2016," said Sorg. "**I have been proud to meet veterans from all branches of the service and from all parts of our county at 31 mobile veteran events this year,**" she continued. "It is these brave men and women that we are honoring with this program," Sorg added, "and I encourage all businesses in the county to consider offering a discount to our veterans."

## Veterans Affairs Acquires New Van for Transport

Congratulations to the Montgomery County Veterans Affairs Department which recently received a \$25,000 donation from Philmont Country Club and The Montgomery County Foundation to support the Veterans' Shuttle program. **This generous contribution will allow the department to fund a second transport van to serve Montgomery County veterans that need to travel to Philadelphia and Horsham veterans' centers.** The department currently is able to provide transportation to veterans to Coatesville and Spring City veterans' facilities and looks forward to expanding this program to serve more veterans.
