Re: Zac is Back Fundraiser for Zac Santiago

Dear Potential Donor:

As you may have heard on March 23, 2018, Zac Santiago was attacked and stabbed outside of his home in Norristown Pennsylvania. Zac is a Lieutenant with Plymouth Ambulance and currently and in the past volunteered with several Fire Companies, including Fairmount and Phillies, and serves on the Montgomery County Urban Search & Rescue Team.

Zac was flown to Jefferson University Hospital and successfully underwent two surgeries for his injuries. He is recovering and, we’re thankful to say, doing well. Now it is time for Zac to know we have his back.

The Montgomery County Hero Fund which is a 501(c)(3) was set up after the tragic murder of a Plymouth Township Police Officer just for situations like this. The Mission of the Fund is to guarantee that the acts of a Hero will never be forgotten and that we will always rise to the challenge of making sure sacrifice in/on the line of duty will never be in vain and that Law Enforcement Officers, Military Personnel, Firemen, Paramedics and/or First Responders and their loved ones will be protected and cared for in the event of tragedy. 100% of all monies raised go directly to the families, and the Hero Fund absorbs all costs associated with any event.

The scope of this tragedy is so large that Hero Fund is partnering with Plymouth Ambulance and Fairmont Engine Company #2 to throw a fundraiser on May 4th, 2018 from 6 until 11 pm at (IBEW Local 98) 3900 Ridge Pike, Collegeville, PA 19426. The event will be headlined by Showtime Entertainment. There will be food vendors donating their services, raffles, as well as beer and soda included in the admission price.

Individual Tickets which are $50 and table (8) prices at $350.00 and may be purchased online at Montgomerycountyherofund.com or physical tickets at Plymouth Ambulance at 902 Germantown Pike, Plymouth Meeting, PA 19462 or the Law Offices of Cullen and Conwell 40 East Main Street Norristown, PA 19401 or Norristown Fire Department HQ at 235 East Airy Street, 2nd floor, Norristown, PA 19401 or Plymouth Ambulance C Station, 53 Spring Mount Road, Schwenksville, PA 19473 or Goodwill Fire Co. Ambulance, 714 E. High St. Pottstown, PA 19464

We have set a goal of $100,000, and ticket sales will not be enough to reach this goal. 100% of all monies raised go directly to the families, and the Hero Fund absorbs all costs associated with any event. We are attaching a sponsorship form to this letter for anyone who wishes to help us raise funds and sponsor. For those who wish to donate more, please contact us directly. Sponsors will be prominently acknowledged that evening and on banners at the event with copies being provided to the sponsor for either donation or advertising purposes.

For more information and updates on the event, please email; Zacinfo@medic308.org or go to Plymouth Ambulance FaceBook page. We stand ready, but we need your help to make this event successful for Zac and his Family.

Respectfully,

Thomas Trojansky

Firefighter/EMT (6 Full Time Positions)

Upper Merion Township, located in King of Prussia, PA is looking for full-time highly motivated Firefighter/EMT's who will report directly to the Chief of Fire and Emergency Medical Services. This team of Firefighter/EMT's will respond to fires, rescues and other disaster situations. Additional duties involve delivery of emergency medical treatment, property inspections and maintenance of related equipment, buildings and grounds. Community outreach within the Township will be expected along with and other duties and work as assigned.

The starting annual salary is $55,000.00, plus Excellent Benefits.

Duties of the Firefighter/EMT include (but not limited to):

- Responds to emergency calls for service as part of a team.
- Operates firefighting and rescue equipment.
- Conducts salvage operations at fire scenes as directed and assists with investigations of fire scenes.
- Liaises with the police and EMS personnel to effectively mitigate emergency situations.
- Provides emergency medical services in the absence of an ambulance crew.
- Promotes fire safety by organizing training sessions, talks, and seminars.
- Reviews and implements safety policies and procedures at residential and commercial properties.
- Provides Public Safety staff with demonstrations on how to effectively operate firefighting equipment.
- Conducts drills to acquaint company personnel with emergency response procedures.
- Participates in educational workshops, seminars, and programs to update job skill and knowledge.

Minimum Education and Training Qualifications:

- Applicants must possess a high school diploma, or a G.E.D. Certificate; plus an Associate’s Degree, or 60 semester credit hours in an accredited institution of higher education at the time of appointment; Applicants with at least two years of full active military duty with an Honorable Discharge may qualify for a waiver of thirty (30) semester credit hours;
- Certified as both a Firefighter I and Firefighter II (NFPA 1001: IFSAC, Pro Board or PA OSFC);
- Must hold FEMA NIMS Certificates for ICS 100, ICS 200, ICS 700 & ICS 800;
- Must hold a Hazardous Materials Operations Certificate (NFPA 472);
- Must hold an Emergency Vehicle Operators Course Certificate;
- Must hold a Pump Operations Certificate;
- Must hold a Pennsylvania DOH or NFPA Vehicle Rescue Technician Certificate or equivalent;
- Must hold a current emergency medical services certification from the Commonwealth of Pennsylvania as an Emergency Medical Technician at a minimum. Any reciprocity/endorsement issues must be addressed prior to the time of appointment;
- Must hold a current BLS Healthcare Provider CPR Certification or equivalent;
- Maintain a level of fitness necessary for lifting and handling firefighting equipment;
- Requires successful completion of a series of tests and evaluations before being hired;
- Every employee hired in this position shall establish a bona fide permanent residence within 5 miles of the Upper Merion Township border within one year (1) of their hiring and shall thereafter maintain their bona fide permanent residence within 5 miles of the Upper Merion Township border.

PA Driver’s Licenses Required:

- Must hold Valid PA driver’s license and must maintain valid license status for all Upper Merion Township Fire/EMS vehicles and apparatus during employment.

How to Apply:

- Applicants should complete a Firefighter/EMT Preliminary application (see below) or pick up a copy at the Upper Merion Police Communications Center. This application must be received no later than 4 p.m. on Friday, May 25, 2018 at the Upper Merion Twp. Police Dept., 175 W. Valley Forge Rd., King of Prussia, PA 19406.

**Upper Merion Township is an equal opportunity employer.**
UPPER MERION TOWNSHIP

JOB DESCRIPTION

Position Title: Firefighter/EMT
Department: Public Safety
FLSA Status/Classification: Exempt – Full Time
Reports To: Chief of Fire and Emergency Medical Services
Location: Township Building

Supervision Exercised: None.

Position Objective: The Firefighter/EMT works as part of a firefighting team by responding to disaster situations, structure fires, structural collapse, and entrapments. Also delivers emergency medical treatment, conducts property inspections, maintains all related equipment, buildings and grounds. Takes part in ongoing training and participates in outreach events within the Township and other work as assigned.

Supervision Received: Reports to the Fire/EMS Chief, or in their absence, the appropriate Upper Merion Township Fire or EMS Command Officer.

Supervision Exercised: None

Essential Job Functions:

The following duties are normal for this position. They are not to be construed as exclusive or all inclusive. Other duties may be required and assigned. Examples of Essential Job Functions:

- Responds to emergency calls quickly by driving to fire scenes.
- Operates firefighting equipment to extinguish fire, and rescues people.
- Ensures availability of water supply at emergency scene by testing fire hydrants to confirm they are operational.
- Conducts salvage operations at fire scenes as directed. Assists with inspections of fire scenes to identify the cause of an incident.
- Liaises with the police and ambulance service personnel to respond to emergency situations.
- Provides emergency medical services in the absence of an ALS care provider.
- Follows manufacturer’s instructions to complete preventive maintenance requirements to ensure equipment is in working order.
- Promotes fire safety by organizing training sessions, talks, and seminars.
- Reviews and implement safety policies and procedures at residential and commercial properties.
- Provides Public Safety staff with demonstrations on how to effectively operate firefighting equipment.
- Conducts practice drills to acquaint company personnel with emergency response procedures.
• Cleans and maintains personal equipment and keeps them ready for use.
• Assesses situations quickly to decide the best course of action.
• Produces written reports of emergency incidents.
• Participates in educational workshops, seminars, and programs to update job skill and knowledge.
• Performs other duties and assumes other responsibilities as required or assigned.
• Conducts facility life safety evaluations as trained and directed.

**Job Standards:**
• Communicate effectively; Read and interpret Pennsylvania fire codes as well as applicable Upper Merion Township Codes.
• React calmly and think rationally in emergency situations.
• Understand and carry out complex instructions.
• Recognize non-standard activities, missing items/people, hazards and details.
• Possess excellent eye-hand-foot coordination and physical stamina.
• Sit and perform fine manipulation frequently.
• Stand for extended periods of time, walk, run, bend, crouch, kneel, climb, crawl, lift and carry up to 150 lbs., push up to 1 ton, pull up to 175 lbs.
• Possess visual acuity (near vision frequently; mid and far vision, depth perception, color vision, and field of vision occasionally)
• Works alone and with others.
• Will possess and maintain without suspension or revocation thereafter, a valid Class I Pennsylvania Department of Motor Vehicles driver’s license and a card of certification of authorization to operate Fire Department vehicles requiring Class 2 or 3 licenses as pursuant to the Act of February 15, 1980, No. 8 amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes.

**Residency Requirement:**
• Every employee hired in this position shall establish a bona fide permanent residence within 5 miles of the Upper Merion Township border within one year (1) of their hiring and shall thereafter maintain their bona fide permanent residence within 5 miles of the Upper Merion Township border.

**Job Location:**
• Various locations within and outside the Township.

**Minimum Education, Training and Experience Required:**

• Education and Training: Applicants must possess a high school diploma, or a G.E.D. Certificate; plus an Associate’s Degree, or 60 semester credit hours in an accredited institution of higher education at the time of hire. Applicants with at least two years of full active military duty with an Honorable Discharge may qualify for a waiver of thirty (30) semester credit hours.
• Minimum Emergency Medical Certification as an Emergency Medical Technician (EMT).
• Current BLS Healthcare Provider CPR Certification or equivalent.
• Certified as both a Firefighter I and Firefighter II (NFPA 1001: IFSAC, Pro Board or PA OSFC).
• Completion of FEMA National Incident Management System (NIMS):
  ICS 100, ICS 200, ICS 700 & ICS 800.
• Hazardous Materials Operations (NFPA 472).
• Emergency Vehicle Operators Course
• Pump Operations.
• Pennsylvania DOH or NFPA Vehicle Rescue Technician.
• Physical Strength: Firefighters maintain a level of fitness necessary for lifting and handling firefighting equipment.
• Judgment: They are able to make sound decisions on best ways to tackle an emergency situation.
• Safety Management Skills: They are able to recommend appropriate safety procedures to prevent fire outbreak in an organization.
• Pre-employment tests: This position requires successful completion of a series of tests and evaluations before being hired.

Knowledge, Skills and Abilities:

• Ability to use and maintain firefighting equipment and to learn the theory necessary for effective firefighting and equipment operation, after a period of training.
• Ability to apply basic techniques of fighting fires.
• Ability to perform strenuous physical activities such as lifting heavy firefighting equipment, climbing standard and aerial ladders, lifting, and carrying people and equipment for rescue and salvage.
• Ability to work under conditions of heavy physical exertion in extreme heat and dust, in high and confined areas and smoke-filled spaces, and in all kinds of weather, and to maintain physical activity for prolonged periods of time.
• Ability to understand and apply principles of emergency medical and first aid treatment.
• Ability to administer first aid, CPR and other emergency medical care.
• Ability to prioritize emergency medical treatment needs.
• Ability to think clearly and to apply knowledge under stressful conditions and to handle more than one task at a time.
• Ability to remain calm in emergency situations in all types of environments.
• Ability to establish rapport with patients.
• Ability to understand and carry out instructions.
• Ability to record information professionally, in written form.
• Ability to function independently and without direct supervision.
• Ability to work closely with people, including functioning as a team member, and to exercise tact or diplomacy and display compassion, understanding, and patience.
• Ability to learn to utilize various types of electronic and/or manual recording and information systems used by the agency, office, or related units.

Physical Characteristics:

• Sufficient clarity of speech and hearing and other communication capabilities, with or without reasonable accommodation, which permits the employee to communicate effectively, including during emergency situations which may involve a high degree of noise;
• Sufficient vision and other powers of observation, with or without reasonable accommodation, which permits the employee to effectively operate at a fire or related emergency scene;
• Sufficient manual dexterity with or without reasonable accommodation, which permits the employee to operate equipment used in firefighting;

• Sufficient personal mobility and physical reflexes, with or without reasonable accommodation, which permits the employee to perform all duties involved in protecting life and property.

• Sufficient overall physical health, to successfully complete the pre-hire physical ability test and post hire for handling rapidly moving situations where quick maneuvering in less than ideal situations involving obstacles, challenging climbing requirements and structural collapse.

• Incumbents are prohibited from displaying any tattoo on any part of their body that would be normally visible to the public while wearing the official duty uniform. No arm sleeves, wraps, cover-ups, bandages, etc., will be allowed to be worn in order to cover a tattoo. It is permissible to wear long sleeve shirts and pants all year long.

On Scene Training Associates, LLC is bringing our 2 day program Engine Company Operations: Mastering the Residential Fireground and Commercial Fireground Engine Company Operations In The Real World to Collegeville Fire Company of Collegeville, PA. Saturday’s seminar will encompass all aspects of engine company operations at residential fires, including the single family dwelling, townhouse / condos, and muti-family residences. On Sunday, the program focuses on engine company operations in commercial buildings including big box stores, strip malls, taxpayers, mid-rise offices buildings, and warehouses. These courses provide real-world operations in real-world fires that include what engine companies need to know from hose loads to commanding the company and everything in between.

These seminars are designed for all levels of firefighters from the Probies to the Chief Officers.

There are NO pre-requisites.

Cost: $40 / student

Your OSTA Instructors

**Captain Aaron Heller** began his fire service career in 1984. He is a captain in charge of training for the Hamilton Twp. NJ Fire District #9 where he has served since 1990. Capt. Heller is a NJ Level 2 instructor, fire official, and EMT. He is a past chief of the New Egypt Volunteer Fire Company and is a senior instructor with the Mercer County Fire Academy. Capt. Heller instructs and has been the keynote presenter at several national, regional, and local training events throughout the United States and abroad. Captain Heller’s writings have been published in Fire Engineering Magazine, Fire & Rescue Magazine, The Fire Department Training Network, and several local publications. Aaron is a founding member of the Jersey F.O.O.L.S chapter of the Fraternal Order Of Leatherhead Society. He is the owner of On Scene Training Associates, LLC.

**Captain Eric Hankins** is a Captain with the Yuba City Fire Department in California. Eric has over 24 years in the fire service; with experience that spans from rural fire operations to municipal fire departments. Captain Hankins has taught and lectured at various fire trainings across the country including FDIC as H.O.T. instructor and classroom presenter. Eric was the FDIC Ray Downey Courage & Valor Award recipient for 2010 for his act of bravery under life-threatening conditions resulted in saving the lives of two young children.

**Lieutenant Paul Combs** began his career in 1995 with the City of Bryan Fire Department where he is a firefighter, EMT, HazMat Technician, and instructor for the Bryan Regional Fire Training Academy. He is an FDIC presenter and Hands-On-Training assistant instructor for the RIT Combat Drills, and an adjunct instructor for The Ohio Fire Academy. Lieutenant Combs is also the editorial cartoonist for Fire Engineering Magazine, FireRescue Magazine, and JEMS, creating satire on fire and EMS service issues, training, leadership, and daily life. Paul is the FDIC/ISFSI Instructor of the Year Award recipient for 2018.

The ISFSI “Understanding and Fighting Basement Fires” program is one of the most talked-about educational experiences in the fire service today.

Basement fires present a significant hazard and make tactical choices a challenge for even the most seasoned firefighter. Line of duty deaths and injuries have encouraged departments to reflect on their current tactics, effects of flow path, and safety considerations for basement fires.

The ISFSI “Understanding and Fighting Basement Fires” 8-hour classroom curriculum addresses types of basement access, fire attack tactics, nozzles and appliances, and tactical considerations based on research and real life experience. The ISFSI partnership with UL Firefighter Safety Research Institute under an AFG grant brings the research to the classroom and from the classroom to the streets.
ICS-300 Intermediate ICS for Expanding Incidents

Course is designed to provide overall incident management skills rather than tactical expertise. The course will cover the implementation of the incident management process on Type 3 incidents, define a Type 3 incident, and the development of an Incident Action Plan.

Prerequisites: IS-100 Incident Command System, IS-200 ICS for Single Resources and Initial Action Incidents, IS-700 NIMS, An Introduction, and IS-800 National Response Framework, An Introduction

Target Audience

A SUMMIT FOR EMERGENCY MANAGERS AND PARTNERS
INTEGRATING DISABILITY NEEDS INTO EMERGENCY PLANNING

WHEN: June 13, 2018, 9 a.m.-4 p.m. A networking event will take place from 4-6 p.m.

WHERE: Radisson Hotel, 1150 Camp Hill Bypass, Camp Hill, PA 17011
(ESF 6 Partner meeting to be held at the same location June 14)

FEATURING: June Isaacson Kailes, noted disability policy consultant. More on June’s work here:
http://www.jik.com/d-bio.html

INTENDED AUDIENCE: emergency managers, mass care partners, and state agency partners including agency reps to the CRCC, disability agency staff

The summit will feature a keynote and panel discussion, as well as facilitated group discussions led by June Isaacson Kailes on best practices for:

1. Incorporating disabilities, access, and functional needs considerations into emergency plans with a focus on involving people with disabilities in the planning process, as well as who to contact and where to start.
2. Acquiring durable medical equipment and assistive technology items for use during disasters with a focus on the pros and cons of pre-staged caches, kits, just-in-time contracts, and other strategies
3. Join our networking event from 4-6 p.m. and tap the expertise in our community and region – including the Disability Coordination and Integration experts in Pennsylvania. Experts include members of local long-term recovery groups, faith community leaders, local social service agencies and other local, state and national “COADs and VOADs” (Community and Voluntary Organizations Active in Disaster).

REGISTRATION WILL BE AVAILABLE THROUGH PA TRAIN SOON.
