Public Safety News Information Sheet

What is Public Safety News?
Public Safety News, often referred to as PSN, is the monthly newsletter produced by the Montgomery County Department of Public Safety. It has been published since 2002 and is now in its 18th year in print.

Public Safety News contains important announcements from the Department of Public Safety for municipal responders, as well as training announcements, career opportunities, and other significant updates.

What are the Monthly Notices?
The Monthly Notices are formatted as a merged PDF that includes announcements for community events, training/education opportunities, fundraisers, and job offerings. Some content is provided by the Department of Public Safety, but most is received from municipalities and partner agencies. The notices are posted on the Department of Public Safety website along with PSN.

How do I receive alerts when PSN is available?
PSN and the Monthly Notices are typically made available on the department website on the last business day of each month. An email alert is sent to subscribers as soon as the newest editions are posted. The email contains a link to access the newsletter, as well as a listing of articles in the current edition. If you would like to begin receiving alerts, please contact us using the information below.

How do I access past Public Safety News or Monthly Notices?
Past editions of the Public Safety News and Monthly Notices are available on the following webpage: https://www.montcopa.org/1527/Public-Safety-News.

My organization or department has something to share. How do we do it?
The Department of Public Safety has a lot of information to share, but we are always looking for news from our municipal responders! If you have a story, training or career opportunity, or newsworthy event, please contact us using the information below.

I have some additional questions. How do I contact you?

| REGISTRATION INFORMATION | Deadline to register September 16, 2019 |
This course is designed to provide a fire company officer with the opportunity to develop and/or improve their fireground decision making and communication skills. The instructor will provide commonly encountered structure fires scenarios and the students, working in groups, will decide on the initial strategy and tactics and give the initial status report.

Prerequisite(s): New Company Officer Seminar or a National Fire Academy or Fire Science Program Emergency Scene Management or Strategy and Tactics Course.

Registrations forms available at: 
https://www.montcopa.org/DocumentCenter/View/22596/Fire-Academy-Registration-Form
Project Mayday. This two-hour program provides students with the information developed during research on the cause and the response to firefighter maydays as well as recommendation on communications, command/operations, response, rescue, training and follow-up.

Hazard Zone Accountability: Chief Dennis Rubin and Lt. Steven Kindred will present Upper Merion’s Hazard Zone Accountability System. This two-hour presentation includes two practical applications: one presented in the classroom and the other a field application of the Passport Accountability System.

There is no fee for this four-hour program, offered both afternoon and evening, but you must register. To register email Cindy Myers cmyers@montcopa.org and provide your name, fire company and email address.

Date: Wednesday, September 18th, 2019.
Time: 1:00 PM to 5:00 PM
&
6:00 PM to 10:00 PM
Location: Montgomery County Public Safety Campus1175 Conshohocken Road

*Take off lid, dry out paint, discard can without lid; or pour paint into plastic bag with absorbent material (clay based kitty litter, saw dust, rags) place bag and can without lid, in trash. Paint hardener can also be purchased at hardware stores.*

#### DROP OFF GUIDELINES

- **BUSINESSES AND CONTRACTORS WILL BE TURNED AWAY,** commercial/industrial generated hazardous waste will not be accepted.
- Bring all substances in original containers with labels. Items must be identifiable. Do not mix materials.
- Gas containers returned upon request.
- Tighten lids on all containers. If containers are leaking, pack in larger container with newspaper to soak up leaks.
- Maximum amount accepted is 25 gallons or 220 pounds. No 25- or 50-gallon drums.
- Event workers will unload your materials so please remain in your vehicle.
- There are no permanent drop off locations in the region for household hazardous waste, only the listed collections.
Exposure to lead can seriously harm a child’s health:

- Damage to the brain and nervous system
- Learning and behavior problems
- Slowed growth and development
- Hearing and speech problems

This can cause:

- Decreased ability to pay attention
- Lower IQ
- Underperformance in school

Reduce Your Child’s Risk:

- Talk with your child’s doctor about a simple blood lead test. **All children should be tested twice before age 2.**
- Houses built before 1978 are likely to contain some lead-based paint. Chipping and peeling paint pose the highest threat.
- Renovate safely. Common renovation activities can create hazardous lead dust.
- Other sources of lead exposure include imported folk medicines, food, cookware, toys and cosmetics.
- Parents, whose jobs or hobbies involve working with lead-based products such as construction work, stained glass, battery plants, making bullets or using a firing range, can also be a source of lead poisoning for a child.
- Regularly wash children’s hands and toys. Remove recalled toys and discard appropriately.

LEAD IN THE LEGAL SYSTEM

You’re a busy criminal justice professional. You don’t have time to spend years pursuing a graduate degree. Only Delaware Valley University offers the master’s in criminal justice that you need.

- Accelerated Format: the opportunity to complete your degree in as little as 5 semesters
- Hybrid Learning Model: 50% learning online, 50% learning in the classroom to accommodate your busy schedule
- Cohort Structure: provides mutual support and professional networking
- Features faculty who are expert leaders and administrators working in the criminal justice field
- Competitive Tuition Rates: tuition discounts for professional partnerships, county employees, and cohorts from the same organization
- No admissions testing

You’ll be taught by criminal justice experts – practitioners working in the field. From criminological theory and research methodology to professional ethics and administrative functioning, you’ll be educated to assume leadership roles in such areas as law enforcement, corrections, probation and parole, security, and other parts of the judicial system. DelVal’s M.A. in criminal justice is also great preparation if you’re considering a doctoral degree or law school.

ABOUT DELVAL

Delaware Valley University, an independent, comprehensive university of more than 1,000 acres in Bucks and Montgomery counties, features individualized attention and emphasizes experiential and interdisciplinary learning. Located in Doylestown, Pennsylvania, DelVal offers more than 25 undergraduate majors, six master’s programs, a doctoral program, and a variety of adult education courses.

CONTACT:
Danielle Pedrotty
Administrative Director
215.489.4975 | danielle.pedrotty@delval.edu
The program’s 10 required courses and completion of a comprehensive exam or capstone project prepares all students for advancement in their respective career paths.

**CORE CURRICULUM**

**SECURITY THREAT GROUPS**
This course will examine domestic and international drug cartels, religious extremists and gangs both on the streets and in prisons. Attention will be given to the philosophical, sociological and structural influences that encourage the creation of various threat groups and the tactics agents used to monitor, intervene and control threat group activity.

**ADVANCED CRIMINOLOGY**

**AMERICAN PUBLIC POLICY**

**POLICE AND THE COMMUNITY**
This course examines relationships between the police and the various communities they serve. Particular attention is given to the manner in which crime is addressed and quality-of-life issues. Community is examined as a geographical space made of multiple and diverse publics sometimes requiring different strategies and attention. A distinction is drawn between public relations and police community partnerships.

**CRIMINAL LAW AND PROCEDURE**
This course examines the nature, purpose, function and substance of criminal law and criminal procedure in the United States. Specific focus is placed on the constitutional limits of the criminal sanction, the principles and scope of criminal responsibility, and elements of an offense. Attention will also be paid to the rights of the accused and the application of protections afforded to individuals under the United States Constitution.

**DIVERSITY AND CRIMINAL JUSTICE SOCIAL POLICY**
This course identifies and analyzes minority issues relating to our criminal justice system and the resultant polices and laws that have been established. A comprehensive, critical and balanced examination of the issues of crime and justice with respect to race and ethnicity will be presented. Procedures and policy in a pluralistic and multicultural society are examined relative to law enforcement, courts and corrections environments.

**PROBLEMS IN CONTEMPORARY CORRECTIONS, PROBATIONS AND PAROLE**
This course introduces you to contemporary issues of American corrections and fundamental theories of punishment and treatment. Emphasis will be placed on policies, practices, issues and controversies within the correctional system. The incarceration of various criminal populations in jail and prisons, alternatives to incarceration (e.g. probation and parole), and the public policy issues surrounding the expansion of community-based corrections will also be discussed.

**COMMUNITY-BASED RESEARCH METHODS**

**ETHICAL LEADERSHIP AND ACCOUNTABILITY IN THE CRIMINAL JUSTICE SYSTEM**
The purpose of this course is to explore the presence of authority, power and discretion in each of the subsystems of the criminal justice system. Administration actions and ethical issues permeate the criminal justice system. We will analyze the importance of ethical leadership, as well as the tension between deontological ethical systems and teleological or “means-end” ethical analysis. Discussion topics may include police corruption, prosecutorial misconduct, ethical issues in sentencing, prison corruption and ethics in the creation and implementation of crime-control policy.

**CRISIS COMMUNICATIONS**
From Deflategate to the BP oil spill to Target’s information security breach, organizations deal with communication before, during and after events that threaten their future success. Whether it’s an issue that gains national attention or negative posts on social media, how business leaders leverage communications throughout the process can spell the difference between the life and death of their brand, reputation and organization. You will learn the evolution of crisis communications, steps to avert a future crisis, and how to create internal and external communication plans that are adaptable for organizations of all sizes in the changing media landscape.

*These courses will be offered in the traditional face-to-face format.*
M.A. in Criminal Justice FAQ

What are the admissions requirements for the program?

All Delaware Valley graduate program applicants are required to have a bachelor’s degree from an accredited institution in the U.S. Alternatively, applicants may furnish proof of the equivalent from a foreign college or university. Students must have also earned a minimum 3.0 cumulative grade point average (GPA) on a 4.0-point scale. Applicants earning lower GPAs may be considered for admission on an individual basis, and may be required to submit additional information. [https://www.delval.edu/admission/graduate-admission](https://www.delval.edu/admission/graduate-admission)

- A completed application for admission with the $50 application fee (application fee waived for the first cohort Spring 2019 and for DVU Alumni)
- Official transcripts from all previously attended academic institutions
- Three professional or academic recommendations with information about the candidate's potential and capacity for graduate study on the form provided
- A minimum 500-word personal statement that includes personal and career goals, interest in the chosen DelVal graduate program, and a summary of strengths and areas for growth
- A comprehensive and current professional résumé

How long does it take to complete the program and how many courses do students have to take?

Our accelerated format can get you your master’s in as little as 5 semesters. There are 10 required courses that are strategically mapped out for your convenience so there is no guesswork involved in scheduling. We set you up to be successful from the start. [https://www.delval.edu/academics/graduate-academics/criminal-justice-m.a/course-descriptions1](https://www.delval.edu/academics/graduate-academics/criminal-justice-m.a/course-descriptions1)

What is the cohort model?

Our cohort structure builds in stability and mutual support among you and your classmates. The focus is on small groups that promote active and engaging learning in a personalized setting where students know their faculty and faculty know their students. You are not just a number.

What is the hybrid model?

Our hybrid model is designed to accommodate your busy schedule. Each course alternates between classroom and online sessions every other week to ensure maximum flexibility. One week one course will be face to face while the other course is online and then the next week it will flip. This structure provides students with a balance that many working professionals find necessary and attractive.
Is there an exit exam or capstone?

Graduating students are required to complete a final comprehensive exam OR current criminal justice professionals can request the option to complete a capstone project in place of the final comprehensive exam provided advanced notification and approval from the Academic Director.

What can you do with the degree?

The Masters in Criminal Justice is designed for working professionals looking to enter or advance into leadership roles across a wide range of career paths in the criminal justice field. This degree is designed to provide the opportunity for promotion within current profession/organization, position graduates to take on roles in leadership and administration, change careers, and to prepare future teachers of criminal justice professionals. Examples include but are not limited to: Correctional Officer Supervisor, Police and Detective Supervisor, Forensic Psychologist (anticipated job growth of 14% between 2016-2018 and average salary of $77,030 UDS/year), Clinical Specialist/Director, Criminal Profiler, Fraud Risk Analyst, Criminologist, District Attorney or Attorney General Investigator, Supervisory Criminal Justice Investigator, Forensic Examiner, Emergency Management Director, Security Management, Information Security Analyst, ICE Agent, Forensic Anthropologist, Executive Paralegal, Forensic Accountant, DEA Agent, CIA Analyst, CIA Officer, US Marshall, Air Marshall, Computer Forensics investigator, Border Patrol Agent, Victims Advocate, Youth Correctional Counselor, Substance Abuse and Behavior Disorder Counselor, Correctional Treatment Specialist (average annual salary of $45,628), teacher of Criminal Justice (median wage of $68,980 according to 2017 data).

Who will be teaching courses and are they relevant to today's needs?

You will be taught by criminal justice experts-practitioners working in the field. From Ethics and Administrative Functioning to Advanced Criminology, you will be educated and prepared to apply what you are learning directly to relevant real world situations. The courses are designed to position professionals to assume leadership roles in such areas as law enforcement, corrections, probation and parole, security, and other parts of the judicial system. DelVal’s M.A. in Criminal Justice is also great preparation if you are considering a doctoral degree or law school.

How is a master's program different from an undergraduate program?

As an undergrad, you would/should have learned how to remember and understand general criminal justice concepts. As a graduate student, you will now be asked to analyze, evaluate, and create policy and procedure by applying what you learned as an undergrad. There is less focus on memorization and more emphasis on examining and applying the existing data that is used to support policy, practice and administration in today’s fast paced criminal justice arena.

But...I haven't been to school in years...

It all happens in incremental steps. We recognize that some learners have been out of the classroom for a decade or more and it takes time to transition. We have grad school specific resources to assist you in pursuing your master’s degree.

Are transfer credits from another graduate program accepted?

Transfer credits from another graduate school are considered on an individual basis by the Academic Director of the Masters in Criminal Justice program. Students are encouraged to complete an application and submit all supporting documents in order for transfer credits to be considered and evaluated.

How much is tuition and how do students pay for graduate school?
Tuition for the M.A. in Criminal Justice is $739/credit. Please review the Tuition for Graduate Students page for more specific information on Financial Aid and the Masters in Criminal Justice tuition structure at https://www.delval.edu/offices-services/bursars-office/tuition-for-undergraduates/tuition-for-graduate-students

Pa Child Abuse PREVENTION SYMPOSIUM
PROGRAM INFORMATION

PA FAMILY SUPPORT ALLIANCE’S 40TH ANNIVERSARY CELEBRATION

HARRISBURG HILTON
1 N SECOND STREET • HARRISBURG
8:00 AM TO 4:00 PM
Pa Child Abuse PREVENTION SYMPOSIUM

9.18.19 • 8AM-4PM

PA Family Support Alliance is holding a PA Child Abuse Prevention Symposium as part of their 40th Anniversary Celebration. This Symposium will feature nationally acclaimed speakers who are experts in child abuse prevention.

Presentations will include a variety of topics that are relevant to professionals and organizations that provide programs to children, to include how to keep children safe, and how to utilize responsive relationships in youth intervention. Symposium participants will be from throughout the Commonwealth (and beyond).

**Online registration is required to attend: pafsa.org**

Hotel information is available online.

For sponsorship or advertisement opportunities, contact Ann Moffitt, ACFRE, PFSA’s Director of Development, at 717-238-0937, 717-856-4428 (cell) or amoffitt@pa-fsa.org
Liz Murray is the acclaimed author of *Breaking Night*, her memoir, that tells her harrowing story of homelessness at age fifteen, completing high school in two years, and going on to graduate from Harvard with a degree in clinical psychology, thanks to a New York Times scholarship for needy children. Murray is a recognized speaker who engages her audience in the tragic perils she overcame and is an inspiration to all as a result of the way she dealt with these perils with maturity and her major accomplishments despite her adversity.

Victor Veith is the Director of Education and Research at Zero Abuse Project (formerly Gundersen Training Institute). Victor is a nationally recognized expert in the field of interpersonal violence. He has also gained national recognition for his work addressing child abuse in small communities as a prosecutor in rural Minnesota.

Jane Straub is the Victim Assistance Specialist for Jacob Wetterling Resource Center, a program of Zero Abuse Project (formerly Gundersen Training Institute). Jane trains and educates on topics related to violence and prevention. She supports and advocates for victims and families struggling with the effects of abuse or neglect. Jane is also a national trainer on topics such as missing persons, domestic abuse, sexual violence, stalking, trafficking, bullying/cyberbullying, and much more.

**CONTINUING EDUCATION CREDITS**
Social Workers, Marriage & Family Therapists and Professional Counselors can earn up to 4 hours of Continuing Education Units (CEU) at no additional cost. Attorneys can earn up to 4 hours of Continuing Legal Education (CLE) Credits for $1.50 per credit (instructions provided at symposium).
KEYNOTE

Title: Homeless to Harvard
Speaker: Liz Murray
Executive Director of The Arthur Project
Time: 9:15-10:15
Objectives: Understand the importance of responsive relationships between youth and the adults who advocate for them.
Summary: Liz Murray will deliver a keynote speech in which she uses her story of going from Homeless to Harvard in order to highlight the importance of responsive relationships between youth and the adults who advocate for them.

BREAKOUTS

Title: Please Don’t Fix Me, Meet Me Where I Am. How Responsive Relationships Can Transform Youth Intervention.
Speaker: Liz Murray
Executive Director of The Arthur Project
Time: 10:30-12:00 & 1:30-3:00
(two session times offered - participants can only attend one)
Summary: This session, which features a Responsive
Relationships Approach, is well-aligned with the Social Work Code of Ethics in that it:
► Values the central role of human relationships
► Supports Social Workers in behaving in ways worthy of trust
► Develops and enhances professional expertise by training youth workers to adapt effectively to the ever-changing needs of the child

**Title:** Identifying and Balancing Compassion Satisfaction, Compassion Fatigue, and Vicarious Trauma.

**Speaker:** Jane Straub
Victim Assistance Specialist for Jacob Wetterling Resource Center

**Time:** 10:30-12:00

**Summary:** One must take care of themselves to be able to take care of another. Working with victims and survivors of abuse and trauma can be difficult, exhausting and yet extremely fulfilling, IF one takes the time to follow one’s own advice. Exposure to trauma can lead to feelings of suffering, sadness and hopelessness. Feeling that one is inefficient or powerless can be debilitating in the workplace as well in one’s personal life. This presentation will define vicarious trauma, signs of trauma and burn-out as well as “take home and do right away” ideas to take care ourselves.

**Title:** When Faith Hurts: A Call for Collaboration between the Faith and Child Protective Communities
Speaker: Victor Vieth  
Director at Zero Abuse Project

Time: 10:30-12:00

Summary: Many maltreated children are spiritually impacted by abuse and require a coordination of medical, mental health, and spiritual care. This presentation examines this research and explores creative reforms for bringing faith and child protection communities together to protect children and address their needs.

Title: The Ripple Effects of Sexual Harm

Speaker: Jane Straub  
Victim Assistance Specialist for  
Jacob Wetterling Resource Center

Time: 1:30-3:00

Summary: The spectrum of sexual harm is quite vast. The ways in which one person can sexually harm another is limitless. This presentation will engage the audience in a courageous conversation of sexual harm and abuse, the impact of sexual violence on the victim and the community, myths and misperception of sexual violence and prevalence, and current data. From child sexual abuse to campus sexual assault to human trafficking, the impact of harm affects every person. The goals of the presentation are to increase awareness of sexually harmful behaviors, identify signs of sexual abuse, provide strategies to work with and support those impacted by sexual harm and create shifts in opinions of prevention and harm reduction that will lead to substantial change.
Title: The Ten Things Every Youth Serving Organization Needs to Know and Do in Keeping Children Safe

Speaker: Victor Vieth
Director at Zero Abuse Project

Time: 1:30-3:00

Summary: An overview of Centers for Disease Control best practices for youth serving organizations in preventing or responding to cases of child abuse. Participants will receive concrete steps for applying the CDC standards to be able to protect or respond with excellence to cases of physical abuse, emotional abuse, and neglect.
August 5, 2019

Dear Chief:

For the 2019 Fall Training Semester the PECO Fire Academy will be offering weekend, daytime and evening training sessions that will be opened to all of the companies in our service territory combined (Firefighters, EMS, Police and Special Fire Police). The emergency services training program, “Handling Natural Gas and Electrical Emergencies”, consists of classroom and practical training sessions for emergency response to natural gas and electrical systems incidents. The program commences promptly at the time noted on the attachment at the PECO Energy Fire Academy, 300 Front St., West Conshohocken, PA.

Students should come prepared with notepad, pencils, and full turn out gear. S.C.B.A. is not required. Instruct your members to bring a lunch as the staff requests that students not leave the training facility during the thirty-minute lunch break.

A maximum of 3 members from your organization can register to attend each of the programs. Unregistered personnel will not be accepted. They need to be a member of your organization and at least 16 years of age. If you have additional members that you would like to send please include them in-case of class openings or student cancelations. We ask if you know that you are not going to make the training session you let us know so we can give someone else the opportunity to attend.

There is an additional class being offered “Not a Routine Odor Response”. Requirements are age 18, Full turnout gear and completed PECO Electric and Gas Training. We will be confirming prerequisites.

No additional correspondence concerning the scheduled program will be forthcoming with the exception of class cancelation; class is full or allowing of additional participants. Please check all of your station information and contact numbers so we can update our database. (SEE BACK OF SHEET) Please contact Brian Focht at 610-832-6462, or by email at Brian.Focht@exeloncorp.com if you have questions on the training programs.

You have a choice on how to register your members, it can be via online registration that is done live time at https://secure.peco.com/SafetyCommunity/Education/Pages/FireAcademy.aspx (you will get an immediate confirmation) for the class or you can scan and email the form to PECOFireAcademy@exeloncorp.com

Sincerely,

Brian

1) __________________________ 2) __________________________ 3) __________________________

Provide additional personnel that you would like to attend the program. If seats are available you will be contacted based on the date this Attachment was received by the Fire Academy.

This is a snap shot of the do’s and don’ts of safety tips to emergency responders when dealing with an emergency involving either natural gas or electricity. This is just a brief reminder and in no way, replaces training that will better prepare you for such emergency responses.
SAFETY always is the watchword of the utility industry. This is certainly a major reason why it has earned an enviable position in safely delivering its product to its customers and helping the public enjoy the benefits of natural gas and electric appliances.

NATURAL GAS

Immediately notify PECO Energy once you have determined that the incident involves natural gas.

Do not attempt to extinguish flames if gas becomes ignited.

Establish a hot zone around the opening. Keep bystanders away. Prohibit smoking, and other sources of ignition.

DO NOT TURN ON THE APPLIANCE OR METER VALVE ONCE HAVING SHUT IT OFF.

Clear the building of occupants if natural gas is escaping in any quantity.

Always test the atmosphere of a manhole, vault or sewer, first with a gas detector and then for oxygen deficiency, carbon monoxide, and hydrogen sulfide, before anyone enters.

Do not enter manholes, vaults or sewers if dangerous concentration of gases or vapors are known or suspected to be present.

Check the basements of adjoining buildings for any evidence of gas intrusion. If found, ventilate by opening windows and doors. Shut off open flame devices and do not operate electrical switches.

With the exception of saving a life... DON’T...make any effort to extinguish flames of escaping burning gas. (Use spray only to protect surrounding exposure).

DON’T ring doorbells, operate electrical switches or use the telephone in areas where the presence of unignited combustible gas is suspected.

DON’T...allow open flames, smoking, or spark-producing devices in either open or closed areas – if the presence of unignited combustible gas is suspected.

DON’T...use equipment that is non-intrinsically safe.

ELECTRICITY

CAUTION

ASSUME EVERY FALLEN WIRE IS ENERGIZED AND DANGEROUS.
Personnel SHALL maintain a safe distance, a minimum of 20 feet from downed energized conductors. Only in extreme emergencies should the conductor be cut clear while energized. The conductor SHALL be de-energized from a remote location by a qualified PECO Employee.

When underground cables are struck with backhoes or similar types of equipment, the operator SHALL remain in the machine until the cables are verified as de-energized.

Beware Run-off Water! A dangerously energized puddle of water may be formed by water running off energized electric facilities.

Beware Adjacent Equipment! Take care not to damage electric facilities located near the incident. A porcelain insulator supporting energized facilities may arc and even explode, if hit by a water stream directed onto it.

Clear everyone, including fire fighters, from any energized object;

Assume every fallen wire is energized and dangerous;

Use approved procedures and equipment near energized facilities;

Tackle surrounding fires;

Ignore fires on our electric equipment until our representative arrives

Only de-energize electric facilities to protect life

Notify PECO Energy Co. Immediately.
2019 Training Conference

Please join us at this year's annual training conference. This year's presenters and training include:

➢ **Federal Bureau of Investigation (FBI)**
Presentation on online chat forums and gaming apps used by child sex predators to entice/engage with children

➢ **Pennsylvania Family Support Alliance**
Presentation on mandated reporting, referrals and services, including: ChildLine and the Abuse Registry / Pennsylvania Department of Human Services

➢ **Safe2Say Something Anonymous Reporting System**
Presentation on the reporting system, tips and how it works including: Pennsylvania Attorney General's Office

➢ **Mission Kids Child Advocacy Center of Montgomery County**
Presentation on how to approach young children, confrontation/hypothesis testing in forensic interviews and disclosures in younger children

➢ **Case Study**
Sexual abuse of a 13 year old child; investigation / prosecution

Registration is $135 for members, $170 for non-members. To register, please use the contact form [HERE](#).

To book a room using the block code, please click [HERE](#).

For hotel information, please click [HERE](#).
APPARATUS
ARCHITECT
PURCHASING
SEMINAR

Instructor: Michael Wilbur, Emergency Vehicle Response

DATE: Saturday, October 5, 2019
TIME: 8:00 a.m. to 3:00 p.m.
LOCATION: Montgomery Township Community and Recreation Center
1030 Horsham Road, Montgomeryville, PA 18936
COST: $200 (Includes up to 4 people) Breakfast & Lunch included

WHY SHOULD YOU ATTEND?

- Purchasing Fire Apparatus represents the single largest capital expenditure, (other than building a new fire station) that a fire department will make.
- Fire Apparatus has become very complex to specify and to build due to rapid technological advances. These technological advances have left most fire departments ill equipped to make knowledgeable, informed decisions, when specifying new apparatus.

Believing that knowledge is power, this program will provide the attendee with logical, knowledge based information to help your department avoid the pitfalls that many fire departments have encountered when purchasing fire apparatus. You will also learn a purchasing methodology to help you reduce the cost of the apparatus, and will reduce the time required to develop the right apparatus specification for your fire department’s application.

WHO SHOULD ATTEND?

This program is designed for anyone in the fire service that plays any part in fire apparatus purchasing, fire apparatus sales, fire apparatus manufacturing or fleet management and maintenance.

Completed registrations may be emailed to training@ntoa.org  
Checks made payable to NTOA may be mailed to 7150 Campus Dr. Suite 215, Colorado Springs, CO 80920
Tactical Communications: The Art of De-Escalation

The Upper Providence Township PD is hosting this course presented by ILEE (Institute for Law Enforcement Education on October 29th 8 a.m.-4p.m.

This training is FREE.

Law enforcement officers, probation officers, and treatment professionals are frequently tasked with dealing with a variety of differing personalities when encountering the public. Some of these encounters can be characterized as negative in nature. Most violent encounters begin with a breakdown in the communication process between the law enforcement or treatment professional and the individual they have encountered. Many times, these incidents begin with non-verbal cues indicating an attack is about to occur. What is said and done during these critical moments can many times determine whether the outcome is a positive one or the situation erodes into a physical encounter and, quite possibly, a civil liability concern.

This course delves into the communication model, taking a detailed look at what communication is while examining each step in the process. We look at verbal skills, non-verbal behaviors, and effective intervention techniques that are instrumental in defusing conflict situations. In addition, we identify and discuss pre-attack indicators that enable law enforcement and treatment professionals to recognize when a conflict is about to escalate into a use of force situation. This will allow the individual professional to acquire necessary information from individuals while ending the encounter on a positive note, thereby minimizing the danger posed by uncooperative or hostile citizens. The topics covered also enable the individual to deal with conflict involving fellow employees and superiors more effectively, creating a healthier work environment.

Specific topics covered include effective methods of communication, barriers to communication, non-verbal communication, de-escalation techniques and pre-attack indicators. The course is designed to cover each of the topics mentioned while also delving into other areas such as proxemics and kinesics and how each is involved in defusing escalating situations. In addition, we discuss conflict resolution as it applies to interactions involving verbal abuse, and touch on characteristics exhibited by suicidal or mentally disturbed individuals as well as subjects exhibiting signs of excited delirium. These tactical communications and de-escalation techniques are being presented to enable departments and individuals to learn skills designed to prevent potential conflicts from spiraling out of control, stressing that a positive outcome is the desired goal of each citizen interaction.

When trained in communications and de-escalation techniques, the environment that we work in improves and the threat of conflict, violence, and civil litigation is greatly reduced.

STEP UP AND LEAD
Leadership & Team Building Seminar

ABOUT FRANK VISCUSO

Chief Viscuso is a career firefighter from Kearny, New Jersey and co-creator of FireOpsOnline.com. He is a nationally recognized instructor and speaker, and the author of 6 books including industry bestsellers Fireground Operational Guides, Step Up and Lead and Step Up Your Teamwork. Over the past decade Chief Viscuso has spoken to audiences (in and out of the fire service) on many topics, including officer development, leadership, team building, and customer service. Frank has the ability to move people to action. It has become his trademark as a speaker and motivator.

COURSE DESCRIPTION

Every organization’s culture is either created by design or default. Creating a culture of exceptional service does not happen by accident. This seminar begins with a discussion on the highest rated emergency service leadership traits. Chief Viscuso will also cover the necessary leadership skills that are needed in order to motivate teams and maintain discipline within your organization. Topics will include; mentoring and succession planning, critiquing others, delegating, preventing freelancing, technical report writing, taking on administrative tasks, dealing with insubordination, conducting a post incident analysis, building morale, and leading an organization through change. Chief Viscuso will also introduce proven theories, methods and techniques that can help you and your organization provide exceptional customer service and make a great impression on the people you come in contact with on a daily basis.

REFRESHMENTS

Light breakfast will be served at Lower Moreland High School prior to the start of the seminar. Lunch will be served across the street at the Huntingdon Valley Fire Company.

TO ATTEND PLEASE CONTACT:
