PENNSYLVANIA COVID-19 PPE & SUPPLIES BUSINESS-2-BUSINESS (B2B) INTERCHANGE DIRECTORY

Company and product information provided in this directory were gathered in good faith as a means of connecting Pennsylvania businesses and organizations that are seeking various PPE and other related items to combat the COVID-19 crisis. The information made available is from those entities who voluntarily contacted the commonwealth through the [Manufacturing Call to Action Portal](#) or the [Pennsylvania Critical Medical Supplies Procurement Portal](#).

The immediate goal of this B2B Interchange Directory is simple: to provide an opportunity for companies and other entities in need of PPE and other critical items to make a B2B connection as they may choose with manufacturers and suppliers of COVID-19 related items.

Reopening Plan – Things to Consider:

- What will your cleaning and disinfecting procedures be?
- How will you implement social distancing in your classrooms?
- How will you perform daily health checks?
- Will you have a drop off/pick up protocol? What will that look like?
- Will you limit direct contact with parents?
- How will you monitor and plan for staff absences?
