

Abington Township**Safe Routes for Youth and Seniors****Montco 2040 Grant Award: \$110,236**

This project looks to construct pedestrian infrastructure along Edge Hill Road and Susquehanna Road that will provide immediate access to educational, community, medical, transportation and businesses services in Abington Township.

Ambler Borough**Ambler Theater Masonry Repair****Montco 2040 Grant Award: \$200,000**

Ambler is asking for funds for vital structural repairs to masonry at historic Ambler Theater. Work includes removal of facade brick, replacement of corroded 1928 steel brick supports with new materials, and re-installation of facade bricks.

Douglass Township**Douglass Park Tennis Courts Renovation and Conversion****Montco 2040 Grant Award: \$80,239**

This project will resurface an existing tennis court, convert one tennis court into four pickleball courts, and an ADA accessible pathway will be developed between the existing path and the courts. ADA accessible picnic tables will added near the courts. A bike rack will be installed at the newly resurfaced basketball courts.

Jenkintown Borough**School Zone Extension****Montco 2040 Grant Award: \$48,000**

The Jenkintown School Zone Extension project will extend the current school zone approximately 450' north on Walnut Street to provide a continuous school zone for student walkers (~90%). The project proposes two new school flasher assemblies with pavement markings & signage. PennDOT has already approved the extension.

Lansdale Borough**Stony Creek Pedestrian and Bike Improvements****Montco 2040 Grant Award: \$68,000**

Lansdale proposes to install a new pedestrian/bicycle crossing on Hancock Street in Lansdale Borough. The crossing will include a Flashing Warning Device (FWD) and bicycle fix-it station at the Stony Creek Park Entrance at the intersection of Hancock Street and Andale Green Drive.

Lower Gwynedd Township**The Bethlehem Pike Pedestrian Improvement Project-Southbound West Side (Gap Funding)****Montco 2040 Grant Award: \$78,667**

This pedestrian improvement project proposes the extension of sidewalk, curbing, ramps, and a pedestrian bridge on the west side of Bethlehem Pike. Due to the delays from the COVID-19 Pandemic and a significant increase in construction costs, current funding will only support improvements on the east side of Bethlehem Pike.

Perkiomen Township**Perkiomen Creek Tributary Restoration Project****Montco 2040 Grant Award: \$200,000**

Perkiomen seeks to restore a section of an unnamed tributary to the Perkiomen Creek (as much as possible) to its original location. This restoration will result in a reduction in sedimentation, stabilization of the streambank, and reduce stream degradation.

Pottstown Borough**Riverfront Park Streambank Stabilization and Bridge Restoration****Montco 2040 Grant Award: \$200,000**

The streambank stabilization will repair the streambank, improve the riparian buffer, and make repairs to the pedestrian bridge which will avoid the bridge becoming unsafe for users of the Schuylkill River Trail.

Springfield Township**Cisco Park Improvements****Montco 2040 Grant Award: \$130,000**

Springfield Township's Cisco Park Improvement Project will implement improved erosion controls and earthwork, construct ADA parking/walkway, add park amenities (i.e. benches, trash cans, and a pavilion), and undertake landscaping improvements in preparation for the replacement of the existing playground structures (which is to be funded by previously awarded State Grants).

Trappe Borough**Trappe Borough Hall Raingarden & Stormwater Playground****Montco 2040 Grant Award: \$162,000**

A new rain garden is proposed for installation behind Borough Hall, in the middle of a new ADA ramp (under construction) to the building, as well as a stormwater playground.

Upper Dublin Township**Greater Fort Washington District Zip Ramp****Montco 2040 Grant Award: \$200,000**

This project will construct a new off-ramp from the PA Turnpike Fort Washington Interchange with direct access into the Greater Fort Washington District at Commerce Drive. This new Zip Ramp is one of seven locations included in the County's PA Turnpike Corridor Reinvestment Study.

Upper Gwynedd Township**Haines Run Streambank Restoration - Phase I****Montco 2040 Grant Award: \$200,000**

Upper Gwynedd is proposing to construct streambank stabilization measures along Haines Run. The project also includes the construction of one (1) stormwater detention basin and regrading of drainage areas.

Upper Merion Township**First Avenue Linear Park - Phase 3****Montco 2040 Grant Award: \$200,000**

This project is the final step in completing the trail through Moore Park at KOP. Phase 3 involves installing the trail along the remaining gap on the south side of First Ave from Allendale Rd to Gulph Rd on 6 properties. The project will construct 1,784 LF of multimodal trail, solar power pedestrian lighting, solar power bus shelters, trash cans, benches, and plantings.

Upper Moreland Township

Warminster Road Sidewalk Installation

Montco 2040 Grant Award: \$200,000

This project proposes to install approximately 500 LF of sidewalk. The sidewalk will be installed along the south side of Warminster Road from Greenbelt Drive to Mill Road and will tie into pedestrian improvements completed as part of the Warminster Road bridge replacement project being completed by PennDOT.

Upper Salford Township

Park to Perkiomen Trail Connector - Phase 2 (Gap Funding)

Montco 2040 Grant Award: \$100,000

Upper Salford is seeking gap funding to complete this trail project, which was awarded funds in 2021. Due to supply chain issues and substantially higher materials costs, the cost to complete the trail exceeds the original project budget by \$199,325. The work includes ADA-compatible trail construction, purchase of construction materials, and installation of a PennDOT-approved road crossing.

West Conshohocken Borough

Mackenzie Park Improvements

Montco 2040 Grant Award: \$100,000

West Conshohocken proposes the renovation and upgrade of an existing park. The Borough has adopted a Master Plan consisting of four phases. Phase 1 includes the installation of storm water management facilities, upgrade and expansion of existing walking path, and ADA accessibility improvements.

West Pottsgrove Township

Old Timer's Field Improvements

Montco 2040 Grant Award: \$38,900

This project proposes the installation of a 330 LF grass berm to reduce field flooding, construct rain garden at existing inlet, restore playing field, install new fencing around field, install a new backstop, improve ADA access to field and existing bench, install a bike rack and new bleachers. This project will also renovate dugouts with new benches and storage racks. Install two new storage sheds. Install total of 4 new recycle and trash bins.

Whitpain Township

Pedestrian Connections to link Core Connector Phase 3 Trail to Wentz Run Park

Montco 2040 Grant Award: \$183,308

Whitpain Township is seeking funding for the installation of pedestrian connections and associated signage to provide a link between the northern end of the Core Connector Phase 3 Wentz Run Trail and Wentz Run Park.
