About MCPC

The Montgomery County Planning Commission (MCPC) is an award-winning agency and leading advocate for planning in Montgomery County, PA. We provide professional planning services that result in innovative concepts and effective solutions to community challenges. Since our inception in 1950, we have remained committed to improving the high quality of life experienced throughout our communities by promoting sound land use planning, strengthening the transportation network, supporting healthy and prosperous communities, creating vibrant places, and protecting natural and historic resources. One of our major roles is to develop the county’s comprehensive plan. The county’s current plan, *Montco 2040: A Shared Vision*, focuses on the themes: Connected Communities, Sustainable Places, and Vibrant Economy.
Expertise and Experience

As a leader of planning in Montgomery County, we are committed to building sustainable futures for our communities. We achieve this through our comprehensive understanding of the county and the extensive experience of our accomplished staff. Our dynamic team of professionals includes specialists in planning, landscape architecture, graphic design, GIS, and communications. Almost all our planners have a master’s degree in planning and many are AICP certified. We offer a wide range of planning experience and are leaders in land use and zoning, transportation, natural resource protection, revitalization, economic development, site design, and trail planning. Our team approach successfully combines the specialties of our staff to effectively develop strategies that incorporate the latest concepts and technology.

“We have the experience and expertise to help communities manage complex issues and achieve goals”
