

# GRANT WRITING

It takes various resources to turn your plans into reality. One key resource is money. Though raising money for any worthwhile project can be a challenge, there are often grant opportunities available to secure needed funds. The challenge is putting together an excellent grant application that will win grant approval.

MCPC Services & Resources

The Montgomery County Planning Commission staff can help create successful grant applications. For decades we have been able to obtain funding for various county projects including revitalization, planning, public safety, infrastructure, recreation, and trails. We are now using this expertise to expand our services by helping you with your grant applications.

Planning commission staff is able to write grants that clearly describe your project and the benefits to be achieved through it. We can also develop various maps and graphics that will ensure your grant application is professional, effective, and appealing.

### Examples:

Mill Park, Rockledge Borough  
Green Parking Lot Retrofit, Douglas Township  
Jenkintown Gateway Project, Jenkintown Borough  
Ambler Pocket Park, Ambler Borough  
Betzwood Trail Head, West Norriton Township  
Trail Connection, Worcester Township
